Manufacturer's Certification Statement for Federal Tax Credit

To our valued customers:

PPG Industries certifies that its Duranar® ULTRA-Cool® and Durastar® IR reflective coatings are designed to meet or exceed current CRRC and Energy Star® reflective roofing performance requirements.

These coatings contain pigments engineered to reduce the heat gain of a dwelling unit when installed on a metal roof with a Steep Slope (greater than 2:12 inches); or in some cases, Low Sloped Units (less than 2:12 inches).

Please consult your tax advisor to confirm eligibility for any Federal, State, and/or Local tax credits and rebates.

Sincerely,

Phil Buhr
